Ref. No. 2205 C/34-4

Station Madras, *Dated the* 11th December 1934.

From (Name) Dr. B. Sundara Raj, M.A., Ph.D.,
(Designation) Director of Fisheries,

To The Secretary to the Government of Madras,
DEVELOPMENT Department.

Sir,

127
Ev 202 Dev (C)
16.2.34.

In para 2 of my letter No. 3121 C/31-4 dated 26th October 1932 disposed of in G.O.No. Miscellaneous 202 Development dated 14th February 1934, the nature of the Kirimanjeshwar school building has been described as consisting of mud walls and a roof of cheap and flimsy material. The building was badly in need of repairs and the Assistant Director of Fisheries (Coast) issued a registered notice to the owner of the building to carry out the necessary repairs. Though some repairs were effected by the owner in response to the notice, all the necessary repairs have not been carried out.

The Government Solicitor, Madras, was asked whether the Department could make the repairs and deduct the cost thereof from the rent payable to the owner of the building and he states that the Government would not be justified in carrying out the repairs and debiting the landlord with the cost without his express consent. The owner is not likely to execute all the needed repairs.

2. Further there is accommodation in the present building only for 54 children. The strength of the school on 1st July 1934 was 62. The accommodation as is insufficient and the District Educational Council has extended the period of the temporary recognition of the V Standard up to 31st March 1935. Vide para 2 of my letter 3121 C/31-6 dated 6th September 1933 disposed off in G.O.No. 202 Development dated 14th February '34. The Assistant Director (Coast) fears that the V Standard cannot be continued unless the school is provided with additional accommodation.

3. As Government were not in favour of leasing the site and constructing a building (vide G.O. quoted above), the Inspector of Fisheries, Mangalore has made an alternative proposal. He states that the Potail of Kirimanjeshwar offers to put up a suitable permanent building for the school in his plot lying to the south of the present school site, if the department is prepared to rent the building. The Potail is reported to be prepared to accept the rent that the Public Works Department may fix. The Inspector of Fisheries who inspected the site states that it is suitable for school purposes and is as convenient as the present one. The Assistant Director (Coast) suggests ~~that~~ the shifting of the school to the Potail's site.

4. A sum of Rs. 3 per mensem is now paid as rent for the present building. If the proposal for a substantial tiled building capable of accommodating 90 or 100 children is accepted, the estimated additional rent to be paid will be Rs. 5 per mensem.

5. In the circumstances, I request that you will be so good as to obtain the early sanction of Government for the shifting of the school to the Potail's site on which he promises to construct a building and for the payment of rent that may be fixed for it by the Public Works Department.

6. The Potail requires 3 months' time for putting up the building and no additional expenditure will therefore have to be met from the allotment in the current year's budget estimate The Assistant Director is not now able to say how the expenditure can be met from the provision in the next year's budget. A sum of Rs. 60/- may, therefore, be provided under 35 f - Industries - G. Fisheries Schools - 2 other charges - voted - rents in next year's budget to meet this additional expenditure if the proposal is sanctioned by Government.

I have the honour to be,

Sir,

Your most obedient servant,

B. [illegible]

Director of Fisheries.

Dev. Dept.

Cir. 4575/II/34. Subject. Fisheries. Schools. Chirimanjeshwar school. Building. Additional rent.

From the Dir. of Fisheries, Rep. No. 2205 C/34-4 dated 11.12.34.

A.S.

There are the letter from the Director of Fisheries at pages 1-2 C.F.

2. The Kirimanjeshwar school is now accommodated in a building for which a rent of Rs 3/- is paid. The building requires repairs and the accommodation is found insufficient. Unless the school is provided with additional accommodation the temporary recognition of the V^th Standard granted by the District Educational Council till 31.3.1935 is not likely to be continued further. The Director has therefore proposed that the School may be shifted to a new site within immediate neighbourhood which is reported to be quite suitable. The owner of the new site, the Patail of Chirimanjeshwar is prepared to put up a substantial tiled building (capable of accommodating 90 or 100 children) within a period of three months and to accept the rent that may be fixed by the D.E.O.

came up on 1.2.35

Rs 3/- 2 C.F.

Issue 2 on 2/2 2 C.F.

Issue 3, 1/2 2 C.F.

The additional rent payable for the new
Location is estimated at Rs 5/- per mensem.
The additional annual recurring liability
is therefore Rs 60/-. It is submitted that in
the circumstances, the Director's proposals
may be approved. The Director may be
asked to tell the Patel of Kirimanjeshwar
clearly that the Location he promises to
Construct should be spacious and suitable
for the purposes of the School and to get a
written undertaking from the Patel to
this effect.

In the Budget Estimate for 1935-36,
provision of Rs 36 (12×3) has been included
under 35. f. Industries. f. Schools. Cg 2. Other
charges. Rents on account of rent for
the Kirimanjeshwar School. The Finance Dept
may be requested to include an additional
provision of Rs 60/- (12×5) on account of
payment of above enhanced rent for the
new Location if this can be done now. Otherwise,
the amount being trivial, the D.P. might be kept to find it from his budget.

3. Subject to orders, a draft order is
submitted for approval. It may be
sent to the Finance Dept for concurrence.

Order ~~Resolution~~ Ms. No. 57, dated 10. 1. 1935.

Dept. Le/1/35

The Govt. Sanction the proposals of the Dir of Fisheries for the shifting of the Kirimanjeshwar School to a new site owned by the Patail of the village, who has promised to construct a permanent building. The rent for the proposed building will be fixed finally by the Collector. Dept. The Director is requested to obtain an undertaking in writing from the Patail of Kirimanjeshwar to erect a substantial

building, capable of accommodating
~~about~~ about 100 children, to the
satisfaction of the Departmental
officers.

2. Necessary ~~provision~~ provision
on account of enhanced rents
for the new building of the
School will be included in
the budget estimates for 1985-86.

RR
16/12/84

2. As regards the inclusion of a
provision of Rs 1 lac. in the next
year's budget to meet the additional
expenditure towards rents, the
Director is informed that it is
for him to decide the estimates
and there the question may
trivial, the Director finds it
necessary, will include provision
